

**JUNE 18, 2021**

**geoENV2020  
VIRTUAL EVENT**

Due to the COVID-19 outbreak the 13th International Conference on Geostatistics for Environmental Applications is replaced by a virtual event where the three invited speakers will deliver their exciting keynote addresses and we will all say goodbye to geoENV2020 and welcome geoENV2022

**The event is free of charge but a registration is needed to access the virtual platform**

**[Click here to register before June 15, 2021](#)**

**Program**

All times in CEST

**14:00 – Opening of the Virtual room**

**15:00 – Welcome messages and opening ceremony**

**15:15 - 16:00 – Peter Atkinson  
Implications of the Point Spread Function for downscaling and data fusion in remote sensing**

**16:00 - 16:45 – Alessandra Menafoglio**

**An object oriented approach to the analysis of spatial complex data**

**16:45 - 17:30 – Paula Moraga  
How geostatistics can help with decision making in global health – case studies in tropical disease mapping**

**17:30 – Closing Ceremony and announcement of geoENV2022**

**UNIVERSITÀ  
DI PARMA**
